Section One

NOTES ON THE REQUIREMENTS FOR THE SUBMISSION OF APPLICATIONS FOR AN APPROVED PREMISES LICENCE

Cumbria County Council is the local authority responsible in Cumbria for the approval and licensing of venues for the solemnization of marriages and the registration of civil partnerships under the provisions of sections 46A and 46B of the Marriage Act 1949 and section 36(1) of the Civil Partnership Act 2004.

Any approval is granted by the responsible officer within the local authority who has the mandatory statutory post of 'Proper Officer for Registration'.

Notes relating to applications and renewals

1. The fee for a grant of approval licence is:

- **£1,300 for a three-year licence**
- **£2,150 for a five-year licence**

The fee is to be submitted in full at the time of application and is non-refundable once the application process has commenced.

2. All applications made (new or a renewal) must include the following:

- The fee;
- The completed application form – contained within the Terms and Conditions;
- A detailed plan of the premises, clearly defining which rooms are to be used for the solemnisation of marriages and the registration (formation) of civil partnerships;
- Evidence to prove that the premises are a commercial property and not a residential home or house (e.g. entertainments licence, etc.);
- Copies of Fire Risk Assessments and Public Liability insurance.

3. An application must be made by the proprietor, owner and/or trustee of the premises. When made on behalf of a limited company there should be a separate statement of the names and addresses of the directors.

4. The application must include details of the 'responsible person(s)' at the venue who will manage the day-to-day compliance with the Grant of Approval terms and conditions and, if different, those staff who will be in attendance to manage/coordinate proceedings when ceremonies take place.

5. There is no limit to the number of rooms within the premises that can be included in the approval under the terms of the licence.

6. The application must include the designation/name of the rooms, and details of the maximum number of people each room can accommodate seated. *Please Note; seating must be provided for all guests. Standing to observe a ceremony is not acceptable.*

7. The application should be submitted to:

Carlisle Registration Office
Lady Gillfords House
Petteril Bank Road
Carlisle
CA1 3AJ

Email: registrationservice@cumbria.gov.uk
Tel: 0300 303 2472

8. Cheques for the fee should be made payable to 'Cumbria County Council'. If you wish to make the payment by BACS, please contact us for further details.
9. The grant of approval will run for 3 years or 5 years from the date granted, unless subsequently revoked.
10. The premises and any relevant documentation must be reasonably available for any inspection requested by the Registration Service.
11. No bookings can be taken for ceremonies taking place after a licence has expired at a venue. As couples can make bookings/give notice up to one year in advance, any application for a renewal of an *existing licence* should be completed one year before it is due to expire.
NB: All renewals will run consecutive to the expiry date of the current licence.
12. Should the Grant of Approval be revoked for any reason, or the premises no longer wishes to hold a licence, no part of the fee is refundable regardless of the period of time left prior to the expiry.
13. The Registration Service must be notified, in writing, if any changes are made which affect the terms of the licence. This includes, but is not limited to, a change of ownership, requests for additional/changes to rooms or layout, or different responsible person(s).
14. The process from application to the Grant of Approval being issued usually takes approximately 6 to 8 weeks to complete. This process includes:
 - processing of the application and clearance of any payment through the banking system;
 - a formal inspection of the venue by a Senior Registration Officer;
 - Statutory legal notice on the Cumbria County Council website;
 - the statutory 21-day notice period for any representations or objections to be submitted;
 - the issue of the grant of approval by the local authority.
15. Should an objection(s) be received there may be a subsequent delay in the processing while a review and/or investigation takes place. If an objection is upheld the applicant will be advised of the reason for the grant being refused and the process by which they can appeal.

Section Two

LOCAL AUTHORITY REQUIREMENTS FOR A GRANT OF APPROVAL

All premises granted a licence must fulfil the following requirements, and terms and conditions, throughout the period that the licence is granted. Failure to comply may result in revocation of the licence.

1. Having regard to the use, location, situation, construction and state of repair, a premise must, in the opinion of the Local Authority, be a seemly and dignified, and appropriate venue for the solemnisation of marriages and the formation of civil partnerships.
2. The premises must be regularly available to the public for marriages and the formation of civil partnerships, and when ceremonies are taking place there must be 'un-fettered access' for all to the premises, without any charge/fee being levied.
3. If access to the venue is via private land, other than that which is owned by/part of the venue, proof of right of access should be provided to verify that permitted and unfettered access is available to all.
4. The premises must have the benefit of a current fire risk assessment in accordance with the Regulatory Reform (Fire Safety) Order 2005, and any other reasonable provisions for the health and safety of persons employed at, or visiting, the premises as the Local Authority considers appropriate.

5. The premises must **not**:
 - be a private house or dwelling, or any premises that is not available for public use;
 - be religious premises as defined by section 6(2) of the Civil Partnership Act 2004;
 - display at any time any religious symbols, candles (lit or not), artefacts or pictures in any rooms defined under the licence or communal areas located near to the rooms;
 - a register office, but this paragraph does not apply to premises in which a register office is situated provided that the room which is subject to approval is not the same room as the room which is the register office.
6. The premises have an approval granted for both the solemnisation of marriages and the registration of civil partnerships, and the local authority expects venues to be readily available for either type of ceremony. Under the terms of the Equality Act (Sexual Orientation) Regulations 2007 the premises may be liable to legal action taken by the parties concerned against the holder of the approval under grounds of discrimination.
7. The room(s) in which proceedings will be held must be identifiable by description as a distinct part of the premises.
8. Any outdoor structure, such as a gazebo or pergola or outdoor linked area granted an approval may only be used if it is deemed acceptable by the registration staff on the day, taking in to account staff health & safety as well as welfare of the legal registers. As the weather is very changeable in Cumbria, provision should always be made for an alternative room at short notice. Cumbria Registration Service can afford no guarantee that an outdoor ceremony will be granted.
9. Venues should ensure that adequate and appropriate arrangements, where practicable, are in place for disabled access and those with limited mobility.

It is the venue's responsibility to make all clients aware at the time of booking what provisions are in place and the level of access available.

The Registration Service accepts no liability for any claim made by individuals on the grounds of breach of DDA or Equalities legislation.
10. There should be a separate room, distinct from where the ceremony will take place, available for the registrars to undertake the formal preliminary interview with the couple prior to the ceremony. This must be private, suitably located and appropriate for this function.

Please note that rooms such as hotels bedrooms, vacant or occupied, are not appropriate for this purpose, and will not be permitted.
11. There should be adequate toilet facilities provided to meet the needs of the maximum number of people that the venue and/or ceremony rooms can accommodate.
12. There should be car parking spaces (at no charge) reserved for two registration staff vehicles on days when ceremonies are taking place, a minimum of one hour prior to, and for the duration of, the ceremony. These should be easily accessible, of an appropriate size and located close to the premises.
13. The approved room(s) at the venue should have seating for a minimum of 20 people.
14. No food or drink may be sold and/or consumed in the room(s) in which proceedings take place for one hour prior to, and during, the proceedings. This includes the outdoor linked areas.
15. The appropriate public notice(s) should be displayed with details of any ceremony taking place, in line with the statutory requirements for all approved venues.
16. Ceremonies in Cumbria take place between the hours on 08:00am and 18:00pm. However, they must have ended by 18:00pm. Therefore, we will not take bookings for ceremonies any later than 17:00pm thus enabling them to be concluded fully by 18:00pm.
17. The Registration Service will endeavour to accommodate the dates/times clients request for their ceremony. However, it is important to note that certain dates and times of the day/week are more popular than others, and the number of registrars available at any one time is not unlimited. Therefore, venues must ensure they are flexible and reasonable with the times

they offer to clients, as being too restrictive may ultimately limit the number of ceremonies that can take place.

18. Any arrangements and content for a ceremony must meet with approval of the Registration Service and licensed premises should remind clients at the time of booking that they will need to agree any plans they have when they book the registrar to undertake proceedings.
19. The appointed responsible person (or a suitable qualified alternative) must be in attendance a minimum of one hour before the ceremony to supervise the proceedings and **remain present throughout until the registrars leave.**
20. The licence holder and/or venue is liable for costs or damages incurred as a result of delays in a ceremony taking place due to issues such as, but not limited to, difficulties by registration staff gaining access to the premises due to weather and/or traffic congestion on private access roads or within the grounds of the premises. This also includes delays due to other guests or visitors to the venue, power failures, etc.
Any claims as a result of this are the sole responsibility of the licence holder, and the registration service accepts no liability.
21. The registrar and/or the Registration Service has the **absolute right** to refuse to attend a venue:
 - If it is seen that weather and/or travel conditions, or the use of access roads, mean it is unsafe and/or places staff at an unnecessary risk.
 - If the Emergency Services (Police, Fire Service, etc.) state that it is unsafe for staff to travel, continue to travel or attempt to access a venue.

The service accepts no liability where this decision is taken.

22. The premises and/or responsible person should take all reasonable measures to ensure that there is no delay in the commencement of the legal preliminaries or the ceremony.
23. Registrars work to a strict timetable, often with several ceremonies in one day. Licensed premises have an obligation to ensure that delays do not occur, and that any timetable is adhered to. This includes ensuring clients are not late and ceremonies commence on time. In the event of a delay of this type, the Registrar may be required to leave to attend another ceremony elsewhere, even if this ceremony has not taken place. Obviously, these circumstances will impact upon the venue and any subsequent functions/celebrations. In this event, the registrar will advise the responsible person of the time at which they will leave and the responsible person will be requested to relay this information to the client. The Registration Service accepts no liability for any costs incurred in circumstances where a registrar has to leave without having undertaken a ceremony.
24. It is recommended that all approved venues make clients aware at the time of booking, and on the day of the ceremony, that the time of the ceremony is fixed, and any delay may mean that their ceremony will not take place.
25. Delays due to third parties, such as, but not limited to, photographers, hairdressers, catering and guests are not reasonable reasons to delay the commencement of a ceremony.
26. Should any following ceremony be delayed as a result of issues such as access, delays in a ceremony taking place for reasons within the control of the premises, the licence holder may be held liable for any resulting claim made against the Registration Service and Local Authority, and for any reasonable costs incurred. The licence holder should hold the appropriate insurance and indemnity to cover this type of issue.
27. The use of animals / birds at ceremonies is discouraged due to their unpredictable nature. Request of this type must be made to the Registration Service, and agreed **in advance**, to ensure they are appropriate. If agreed, no delays due to their involvement will be permitted. A copy of our policy in this regard is available on our website.
28. Under normal circumstances a Grant of Approval or licence is granted for three years, however, due to the nature of some venues and possible issues surrounding access to the property, the local authority has the right to reviewed any licence at the end of 12 months,

and if appropriate revoke the licence should it be viewed that the venue is not suitable and does not meet the stated terms and conditions.

29. The Registration Service and Local Authority may at any time, should they see fit, amend the terms and conditions applied, or revoke the licence if the terms and conditions of this licence are not complied with in full. The licence holder is liable for any losses or damages future clients may incur due to the revocation.
30. If any changes are made that affect the licence the proprietor, owner or trustee should inform the Registration Service in advance, in writing, to ensure that any changes comply with the terms of the licence. This includes, but is not limited to, changes to rooms and layout, different responsible person(s) and ownership of the premise.
31. Religious blessings at approved venues under normal circumstances should not be held on a regular basis. The licence for the venue for civil registration purposes only (non-secular), and religious blessings or similar may invalidate this licence if they take place on a regular basis.

BUILT PREMISES AND OUTDOOR LINKED AREAS

1. Following changes introduced by the Marriages and Civil Partnerships (Approved Premises) (Amendment) Regulations 2021 (the 2021 amending regulations), "premises" is defined as "built premises" together with "linked outdoor areas".
2. "Built premises" are defined as a permanently immovable structure comprising at least a room or any boat or other vessel which is permanently moored.
"Linked outdoor areas" means any areas within the boundary of the land of which the built premises form part, which are not indoors, and which may be used in common with the built premises. An area is indoors if it is a space which is enclosed, or substantially enclosed. Areas are enclosed if they have a ceiling or roof; and except for doors, windows and passageways, are wholly enclosed either permanently or temporarily. Areas are substantially enclosed if they have a ceiling or roof but there is an opening in the walls or an aggregate area of openings in the walls which is less than half of the area of the walls, including other structures that serve the purposes of walls and constitute the perimeter of the premises. Openings in which there are windows, doors or other fittings that can be opened or shut cannot be taken into account in determining the area of an opening or aggregate area of openings.
3. Any premises outside this definition, such as most forms of transport, or land which is not land of which the built premises form part, would not be eligible for approval. The minimum requirement for approval is that there must be built premises, whether or not there are any linked outdoor areas. In addition, there are other statutory requirements that must be met before an approval can be granted
4. In terms of the built premises, having regard to their primary use, situation, construction and state of repair, these must, in the opinion of the authority, be a seemly and dignified venue for the proceedings. Proceedings on built premises must take place in a room, or room within the built premises which is identifiable by description as a distinct part of those premises. The primary use of a building would render it unsuitable if that use could demean proceedings or bring them into disrepute.
5. The 2021 amending regulations permit existing approved premises to conduct ceremonies in any linked outdoor areas which are available for use by the premises without the need for any prior approval of these linked outdoor areas. For new applications for approval as approved premises, a plan of the premises must be submitted. The plan must show both the built premises (and the room or rooms within the built premises for which approval is sought and which are to be used for proceedings) together with the boundary of the land of which the built premises form part. It is not necessary to identify on the plan specific locations within the linked outdoor areas where proceedings are to take place. It is important to note that the

regulations do not permit another premise on the same land which is not an approved premises to conduct any outdoor proceedings in the linked outdoor areas.

6. There is a requirement in respect of the location for each proceeding within the linked outdoor area that prior confirmation must be secured from the superintendent registrar of the district in which the approved premises are situated (or the authority, as the case may be) that in their opinion, having regard to the primary use, situation, construction and state of repair, the proceedings will take place in a seemly and dignified location within the linked outdoor areas. It follows that the assessment is specific to the location where individual proceedings will take place and not to the linked outdoor areas as a whole.
7. The responsible person must therefore discuss with the superintendent registrar (or the authority, as the case may be), the proposed location for outdoor proceedings before arranging those proceedings to secure confirmation that the proposed location is seemly and dignified. This is to avoid a situation where proceedings cannot take place on the day because they fail to meet the seemly and dignified condition. Approved premises are being strongly advised to ensure that no other activities are planned to take place within the linked outdoor areas at the same time as the proceedings, to ensure that such activities will not affect the prior assessment of the location as being seemly and dignified.
8. The location for the proceedings must be identifiable by way of description to the public and a suitable notice must be displayed at each public entrance to the premises (both the built premises and the linked outdoor areas) stating:
 - that the premises have been approved for the proceedings;
 - a description of the location of the outdoor proceedings;
 - directions to the outdoor proceedings.
9. Food and drink may not be sold to, or permitted to be consumed by, persons gathering for the purpose of the proceedings, or during the proceedings (save for non-alcoholic drinks consumed prior to the proceedings).
10. The approved venue should supply the necessary confirmation that the proposed location for the outdoor proceedings is within the boundary of the land of which the built premises forms part, and which is available for use by the built premises.
11. It is for approved premises to determine whether or not they wish to provide the option of proceedings in any linked outdoor areas and to ensure that the requirements for proceedings held in those areas meet the necessary conditions. As with all functions held on public premises, approved premises will need to ensure that existing health and safety requirements and fire precautions are complied with. There is no requirement for approved premises to facilitate outdoor proceedings.

Section Three

IMPORTANT INFORMATION

1. All those employed by the local authority and Registration Service are bound by the Officers Code of Conduct, and as such are expected to be both courteous and polite at all times, and to treat others with dignity and respect. In return we therefore expect our customers, staff and owners at approved venues, and all others involved in the services we provide, to afford all our staff the same polite courtesy and respect.
2. We have an absolute zero tolerance policy regarding offensive, aggressive and/or intimidating behaviour (verbal or physical) towards the local authority and Registration Service employees. Where this type of behaviour takes place towards our staff the authority will take all appropriate actions against the individuals, groups and/or businesses, and when required report the matter to the Police.

In the event of any such behaviour our staff may remove themselves from the location which then may mean a ceremony does not take place as planned. Our staff has the absolute discretion in cases such as this, and the service accepts no liability for any resultant claims for losses or damages.

3. It is an approved venue's responsibility to mitigate where possible the risk of this type of behaviour and have the appropriate procedures in place to manage the situation should an incident of this type occur.
4. The responsible person will be required to remove from the ceremony, or venue, any individual(s) who display this type of behaviour, or who have, or may cause disruptions, delays or detract from the solemn and dignified nature of the legal proceedings.

Section Four

APPLICATION PROCESS

1. Upon receipt of the appropriate application form and documentation, and payment of the fee, a representative of the Registration Service will contact the applicant to make any necessary arrangements for an inspection visit. This timeframe will need to allow for clearance of payments and preliminary procedures to be carried out.
2. Confirmation will be supplied giving the date/time of the inspection visit, and we will also request:
 - The individuals who must be present for the inspection visit;
 - Any appropriate documentation the County Council must review as part of the inspection and licencing process (e.g. Fire Risk Assessment, Certificate of Insurance Liability, etc.).
3. During the inspection visit all areas of the venue which applies to the licence application must be available for inspection. Depending upon the size of the venue the visit may last up to approximately 1 hour.
4. Should the venue cancel the visit without reasonable notice, be unduly late, or the relevant/required staff be unavailable on arrival for the appointment, it may be some time before another appointment can be offered, thus delaying the approval process.

(Please note: Where appropriate we also reserve the right to levy an additional charge (currently £50) should a further visit(s) be required).

5. If the County Council cancels an inspection visit due to circumstances beyond our control (such as travel conditions or weather), we will obviously alert the venue as soon as is possible and arrange an alternative date/time.
6. We recommend you instigate the process of the renewal of an existing licence as early as is possible to avoid problems with the completion of legal preliminaries for couples should the renewal of a licence be delayed or expire.

Appendix A

GENERAL REGISTER OFFICE FOR ENGLAND AND WALES GUIDANCE

In considering the suitability of any premises as a venue, the authority must have regard to the following Guidance from the Registrar General. This guidance is as follows:

- 1. The laws relating to 'approved premises' are intended to allow proceedings to take place regularly in hotels, stately homes, civic halls and similar premises without compromising the fundamental principles of English law and Parliament's intention to maintain the solemnity of the occasion.*
- 2. The term 'premises' is defined in Regulation 2(1) as a permanently immovable structure comprising at least a room, or any boat or other vessel which is permanently moored. Any premises outside this definition, such as the open air, a tent, marquee or any other temporary structure and most forms of transport, would not be eligible for approval. In addition, there are requirements in Schedule 1 that must be met before an approval can be granted.*
- 3. The premises must be a seemly and dignified venue for the proceedings, which must take place in an identifiable and distinct part of those premises. The primary use of a building would render it unsuitable if that use could demean proceedings or bring them into disrepute.*
- 4. The premises must not be religious premises as defined by section 6(2) of the Civil Partnership Act 2004. These are premises which are used solely or mainly for religious purposes, or which have been used solely or mainly for religious purposes and have not been subsequently used for other purposes. A building that is certified for public worship would fall into this category as would a chapel in a stately home or hospice. However, premises in which a religious group meets occasionally might be suitable if the other criteria are met.*
- 5. The premises must not be any part of a register office on the plan submitted by the authority and approved by the Registrar General under the Registration Service Act 1953. Any rooms in the same premises as the register office that aren't on this plan, e.g. a council chamber in the same town hall, can be approved but a room in a register office cannot be approved. However, an authority can set its fee for attending a marriage or civil partnership on approved premises at the same level as the prescribed fee for a marriage or civil partnership in a register office.*
- 6. The premises may be used for the solemnisation of marriages and the registration of civil partnerships but must be regularly available to the public for use for one or the other. Under the terms of the Equality Act (Sexual Orientation) Regulations 2007 (which came into effect on 30 April 2007) it is unlawful for a person concerned with the provision to the public of goods, facilities or services to discriminate against a person who seeks to use those goods, facilities or services on the grounds of the sexual orientation of that person. The holder of an approval who does not allow premises to be used for both marriage and civil partnership, or who provides accommodation, services or facilities for one and not the other, is liable to legal action as a result. In common with other equality legislation, this action would need to be taken by the parties concerned against the holder of the approval. The local authority that granted the approval has no powers to act or intervene, unless, of course, it is the holder of the approval.*
- 7. The requirement that the premises must be regularly available for use by the public will preclude a private house from being approved.*

Appendix B

STANDARD CONDITIONS ATTACHED TO ALL GRANTS OF APPROVAL

14. *If a change of name to the approved premises occurs after the issue of the certificate for marriage or the civil partnership document, but before the proceedings, the former name of the approved premises as recorded in the certificate for marriage or the civil partnership document shall remain valid for its duration for the purpose of the proceedings.*

ADDITIONAL INFORMATION

RENEWAL AND REINSTATEMENT

1. *The holder may apply for the renewal of an approval when the current approval has less than twelve months to run. An application for renewal made in this period will extend the current approval until the application has been finally dealt with. A renewal will run from the expiry date of the current approval.*
2. *If the holder fails to apply for renewal before the expiry date and the approval expires, it will be reinstated by an application for renewal made within one month of the expiry date and continue until the application has been dealt with.*

REVOCAION

3. *The authority may revoke an approval if it is satisfied, after considering any representations from the holder, that the use or structure of the premises has changed so that any of the standard or local requirements cannot be met, or the holder has failed to comply with one or more of the terms and conditions attached to the approval.*
4. *The Registrar General for England and Wales may direct the local authority to revoke an approval if, in their opinion and after considering any representations from the holder, there have been breaches of the law relating to marriage or civil partnership on the approved premises. This is not subject to review by the authority.*

5. *When an approval has been revoked the regulations require the former licence holder to notify any couples who had arranged to marry or register a civil partnership on the premises.*

REVIEWS

6. *An applicant may seek a review by the local authority of its decision to refuse to grant an approval, to attach local conditions, to refuse to renew an approval or to revoke an approval.*
7. *The review will be carried out by a different officer, committee or sub-committee than that which made the decision which is being appealed against. The review panel may confirm the decision, rescind it or vary it with the imposition of fresh or further conditions.*
8. *The authority may charge an additional fee for a review of its decision to refuse to grant an approval, to attach local conditions or to refuse to renew an approval.*

REGISTRATION

9. *Details of approved premises will be held for public inspection by the authority, copied locally and sent to the Registrar General who will publicise them.*
